Turabian Style

Turabian citation style is perceived as a suitable style for presenting formal papers in the humanities, social sciences, and natural sciences in higher education. Two documentation systems namely the bibliography or documentary-note system and the reference list or author-date system will be introduced. For additional information and examples, please consult A Manual for Writers of Term Papers, Theses, and Dissertations 6th ed. (University of Chicago Press, 1996). [AV 378.242 T84M6]
