

### IR WONG KWOK-KEUNG

王國強工程師

Doctor of Social Sciences, *honoris causa*  
榮譽社會科學博士

Distinguished Entrepreneur Dedicated  
to Community Service  
熱心公益的商界翹楚

Ir Wong Kwok-keung is currently the Chairman and Chief Executive Officer of the Kum Shing Group. He took over the management of Kum Shing, a small sub-contracting construction company established by his father Mr. Wong Kam-fai and successfully transformed it into a major engineering and construction business. Ir Wong supported his father in founding the Kum Shing-WKF Education and Charitable Foundation. As of today, the Foundation has set up 128 secondary and primary schools in 19 provinces on the Mainland. Over the years, the Foundation has supported various HKBU projects, including the establishment of the HKBU Affiliated School Wong Kam Fai Secondary and Primary School. Ir Wong is currently Chairman of the Kowloon City District Council and an HKBU Court Member. He has also been the recipient of numerous honours and awards, including the Silver Bauhinia Star in 2008. Later this year he will be further honoured as one of the first members of the Hall of Fame 2010 established by the Hong Kong Institution of Engineers.

王國強工程師現任金城營造集團主席暨行政總裁。他接掌其父王錦輝先生創辦的小企業，成功將它蛻變為業務多元化的工程及建築集團。王先生支持父親成立「金城王錦輝慈善教育基金會」，迄今已資助內地十九省市貧困地區興建一百二十八所中小學，並捐助浸大多個項目，包括成立香港浸會大學附屬學校王錦輝中小學。王先生現任九龍城區議會主席和浸大諮議會成員。他屢獲殊榮，包括於二零零八年獲頒「銀紫荊星章」。香港工程師學會今年將設立「名人堂」，他是首批榮登榜上的香港傑出工程師之一。

### PROFESSOR ZHANG BOLI

張伯禮教授

Doctor of Science, *honoris causa*  
榮譽理學博士

Leader in Modern Chinese Medicine Research  
現代中醫藥研究的典範

Professor Zhang Boli is currently President of Tianjin University of Traditional Chinese Medicine, Academician of the Chinese Academy of Engineering, Vice President of the Chinese Association of Integrative Medicine and Honorary Professor of the School of Chinese Medicine of HKBU. Over the past 30 years, Professor Zhang has engaged in teaching, research and clinical practice related to heart and brain vascular diseases. Professor Zhang has initiated new component-based designs and models for manufacturing modern Chinese medicine. He founded the first Traditional Chinese Medicine Engineering Institute to begin empirical research on tongue diagnosis. During the SARS pandemic in 2003, Professor Zhang was in charge of the treatment of SARS using Chinese medicine in Tianjin City. Professor Zhang has published some 200 articles over the years. He served twice as Principal Scientist of two projects of the National Basic Research Programme (also known as the 973 programme) to study Chinese medicine formulas. He has been honoured with five National Science and Technology Advancement Awards and around 20 provincial-level Science and Technology Advancement Awards, and obtained a total of 16 patents.

張伯禮教授現任天津中醫藥大學校長、中國工程院院士、中國中西醫結合學會副會長、香港浸會大學中醫藥學院榮譽教授。三十年來，張教授主要從事中醫心腦血管疾病的教學、臨床和科研工作。他開拓了以中藥有效組分組方研製現代中藥的模式和設計方法；又建立全國第一家中醫工程研究所，開展中醫舌診客觀化研究。二零零三年「沙士」疫災期間，他擔任天津市中醫治療「沙士」總指揮。張教授共發表學術論文兩百多篇，擔任兩項國家重點基礎研究（973）的規劃，獲國家科技進步獎五項、省部級科技進步獎二十多項，並獲授專利十六項。
