The University of Hong Kong is sponsoring a regional workshop on ORCID, an international effort to connect research and researchers by providing a public registry of unique person identifiers. The purpose of this event is to learn more about ORCID and its adoption by universities, to discuss institutional views of ORCID adoption, and to provide ideas and resources for local outreach and integration efforts.

**Intended audience:** UGC Research managers, funders, library staff, IT staff, and researchers. Registration is not required. [map](map)
